

Dynacore high power Li-ion battery is the new model developed specially for high power equipments, like high power lighting, HD camera, film camera and laptop video editor. It features large capacity and compact size. Built-in LED screen for Voltage indicator. Standard XLR connector. Built-in battery management system for multiple protection of over temperature, over current, over voltage, short circuit. Applicable to ARRI 16 and 35mm film camera, ALEXA, PHANTOM, etc. Models of different capacities are available for choice, DHB-20(26V, 20Ah)& DHB-30(26V, 30Ah) with flight case.

**DHB-20                    26V 520Wh**

Li-ion battery, high power battery  
Voltage:26V  
Capacity:20Ah/520Wh  
Max Output Current:30A  
Max Input current:5A  
3 Pin XLR output  
4 Pin XLR input  
Operation Temperature:-30°C~+50°C  
Net Weight:Approx 6.5Kg(exclude charger)  
Dimension:225x205x205mm

**DHB-30                    26V 780Wh**

Li-ion battery, high power battery  
Voltage:26V  
Capacity:30Ah/780Wh  
Max Output Current:30A  
Max Input current:5A  
3 Pin XLR output  
4 Pin XLR input  
Operation Temperature:-30°C~+50°C  
Net Weight:Approx 8Kg(exclude charger)  
Dimension:225x205x205mm

**DHC-2                    Charger**

Charge the DHC-20 battery in approximately 4.5 hours  
Charge the DHC-30 battery in approximately 6.5 hours  
Input:AC 90V~240V/47Hz~63Hz  
Charger Output:DC 29.2V/5A  
Net Weight:Approx 0.7Kg(exclude power cable)  
Dimension:150x90x50mm

3-pin XLR output.  
 Max output current: 30A.  
 3 digital LED screen to show voltage&capacity, it is with separate on/of switch.

4 pin XLR voltage input, with separate switch to control charging.  
 External fuse holder, easy to replace the fuse.  
 250V 30A ceramics fuse is adopted to ensure safer and longer operating life.

Fire-proof panels and round aluminum wrap angle of the outside housing provide protection to the inside battery pack.  
 It effectively prevent the damage might be caused by dropping&wearing when used in the open air.
